

Inconel 625 (UNS N06625) - Corrosion & Heat Resistant Alloy

Moksh Tubes & Fittings LLP is a trusted manufacturer, supplier, and exporter of Inconel 625 products, including pipes, tubes, sheets, plates, coils, bars, fittings, flanges, fasteners, and custom components.

Inconel 625 (Alloy 625 / UNS N06625) is a nickel-chromium-molybdenum-niobium alloy offering outstanding corrosion resistance, high tensile strength, and excellent weldability. Its balanced chemistry provides exceptional protection against pitting, crevice corrosion, oxidation, and stress corrosion cracking, even in seawater, chemical, and high-temperature environments.

Chemical Composition (%)

Element	%
Nickel (Ni)	58 min (balance)
Chromium (Cr)	20-23
Molybdenum (Mo)	8-10
Niobium + Tantalum (Nb+Ta)	3.15-4.15
Iron (Fe)	5.0 max
Carbon (C)	0.10 max
Manganese (Mn)	0.50 max
Silicon (Si)	0.50 max
Others	Balance elements

Key Properties

- **Density:** 8.44 g/cm³
- **Melting Point:** 1290-1350° C
- **Tensile Strength:** 827-1103 MPa
- **Yield Strength:** 414-758 MPa
- **Elongation:** 30-60%
- **Hardness (Brinell):** 175-240 HB

Main Features & Advantages

- Excellent **resistance to oxidation and corrosion** in harsh media
- High **strength and fatigue resistance** at elevated temperatures
- Outstanding **weldability and formability**
- Resistant to **chloride-induced stress corrosion cracking**
- Maintains integrity in both **oxidizing and reducing environments**

Available Forms

- **Seamless & Welded Pipes / Tubes**
- **Sheets, Plates & Coils**
- **Bars, Rods, Flats & Wire**
- **Pipe Fittings & Flanges**
- **Fasteners (Bolts, Nuts, Washers, Studs)**
- **Custom Fabricated Components**

Applications

- **Aerospace:** Jet engines, exhaust ducts, turbine components
 - **Marine & Offshore:** Seawater systems, fasteners, platforms
 - **Chemical Processing:** Reactors, scrubbers, heat exchangers
 - **Power & Nuclear:** Steam lines, superheaters, heat exchanger tubing
 - **Oil & Gas:** Wellhead equipment, manifolds, downhole tools
 - **Pollution Control & Waste Systems:** Incinerators, scrubbers
-

Why Moksh Tubes & Fittings LLP?

- Expertise in **nickel alloys and high-performance metals**
- **Certified quality** and global supply capabilities
- **Custom sizes and specifications** as per ASTM / ASME / NACE MR0175
- Commitment to **precision, reliability, and customer satisfaction**
